Week 4: Elongated Swirls

Now that you have watched the video, you are ready for your weekly challenge!

Your Challenge:

Quilt the elongated swirl design as an allover design.

First quilt along the draw lines defining the areas. You could even echo them a couple of times if you'd like. Then, fill in the space with the elongated swirl design.

Elongated swirls are a perfect design for adding movement to a quilt, whether as an allover or as a filler design.

Remember:

When it comes to quilting elongated swirls, remember the following:

*Keep the echoing consistent.

*Try to go in all different directions.

*Fill the whole area in as consistently as possible.

Feeling Ambitious?

Try quilting the elongated swirl as a border design.

- **Quilt along the border**
- **Try turning the Corner**
- **Fill in around the swirl with echoing or a different design.**

If you want to quilt the same way I did, fill in the area highlighted in blue with an all-over elongated swirl.

In the border portion highlighted in yellow, quilt it as a border design.
