

Turning Border Corners

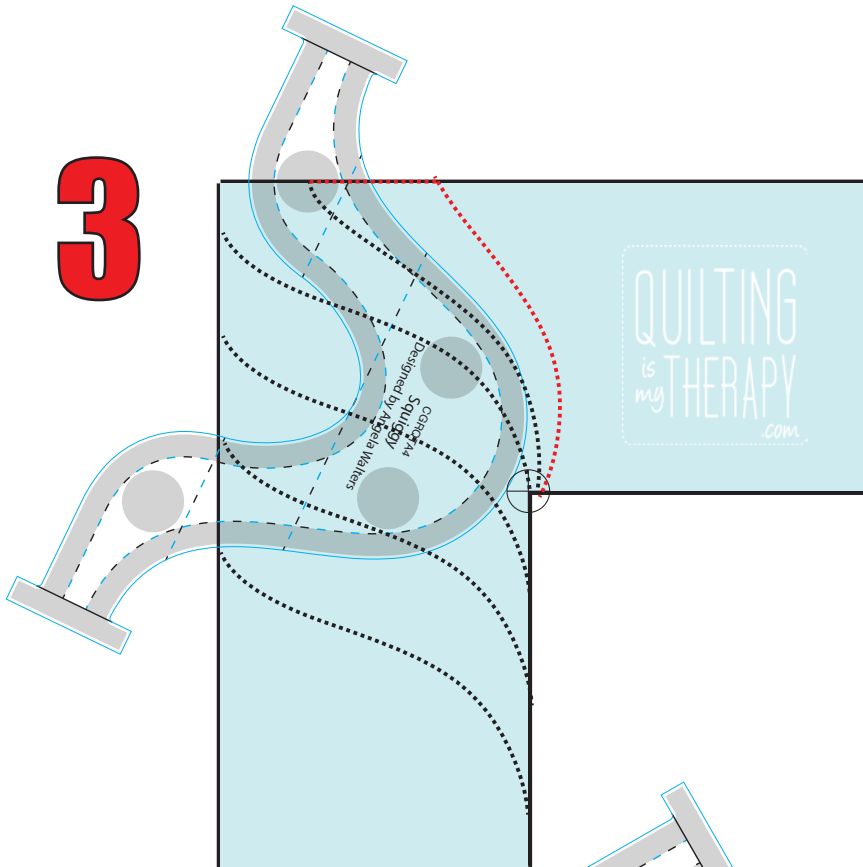

1. Quilt serpentine lines until you are close to the inner corner of the border.

2. Rotate the ruler slightly then quilt a serpentine line out to the edge of the border.

Turning Border Corners

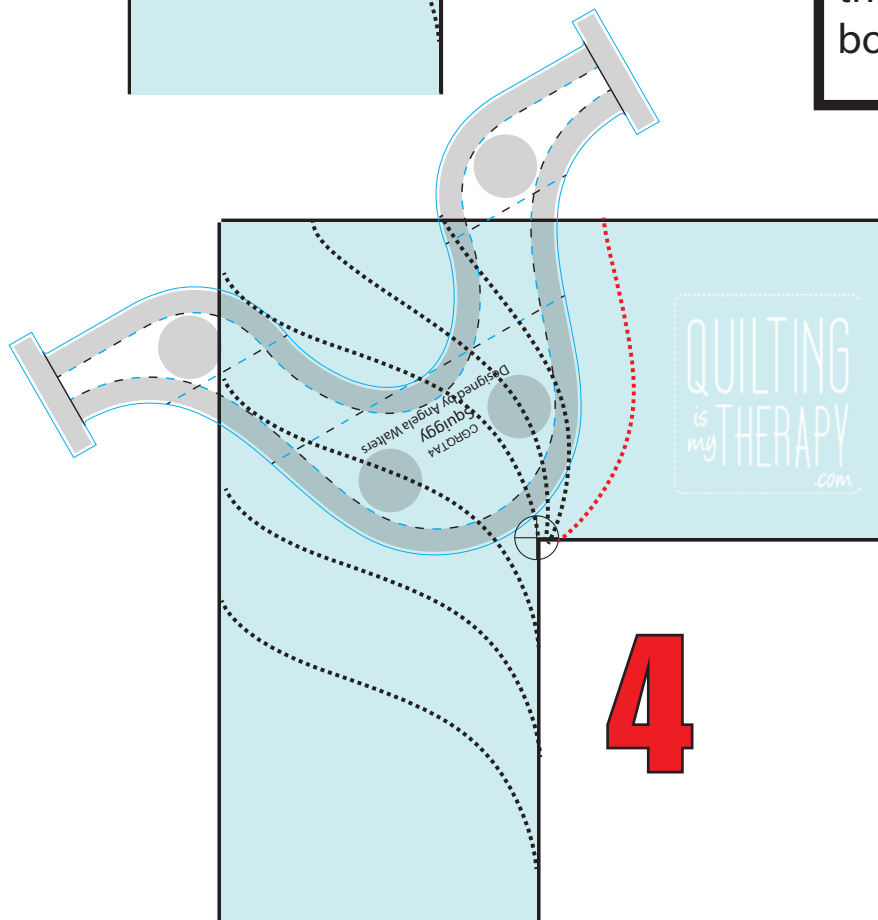

3

3. Travel along the outer edge of the border. Then rotate ruler slightly and quilt another serpentine line back to the inner corner.

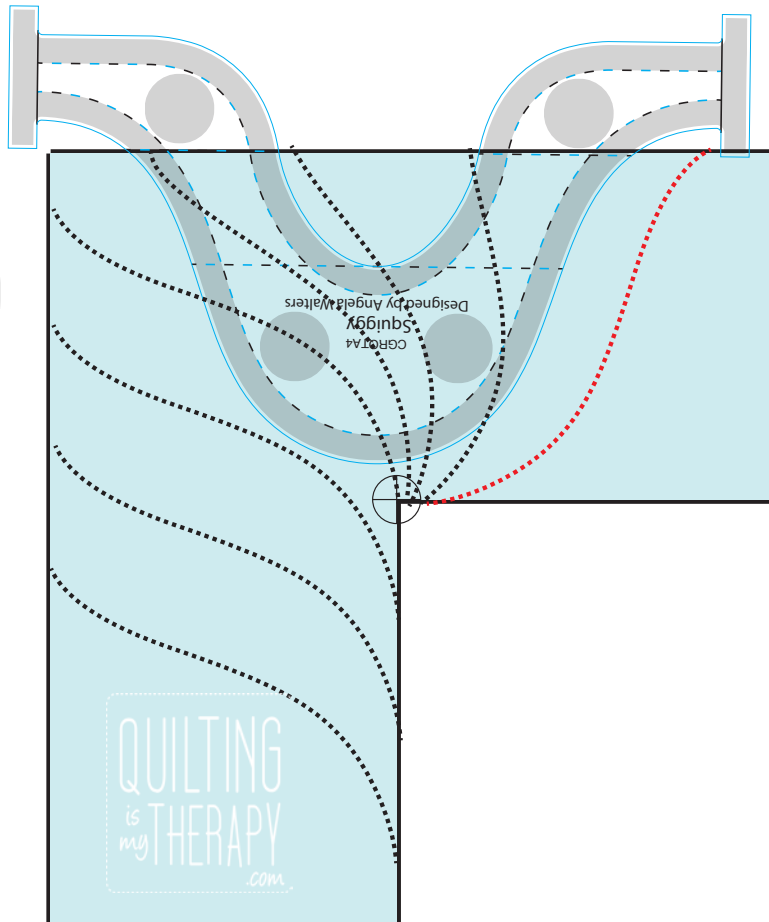

4. Rotate the ruler slightly and quilt another line out to the edge of the border.

5

5. Continue rotating the ruler and quilting serpentine lines until the ruler is perpendicular to the next part of the border.

The quilting in the border corner will look a little different from the rest of the serpentine lines and that's OK!
